11) Returned with compliments to the Secretary to Government, Development Department.

2. The modified proposition statement in duplicate received in this office from the Superintendent, Government Printing is verified and sent herewith. It is found that, for purposes of calculation of average cost, all the appointments are treated as ministerial.

4. The permanent recurring extra cost involved by the proposition is Rs.85-8-0 per mensem or Rs.1,026/- per annum.

M. Viswanatha Rao
Comptroller.

12) Subd. The changes proposed in the present proposals relate to ~~the~~ office Branch, Proof Branch, Despatching Branch, printing Branch, Type casting Branch, Hand Branch and Miscellaneous Branch at a net increase of Rs. 85-8-0 per mensem in the cost. It is said that increases and additional appointments have been proposed only where they are necessary to remove existing anomalies or

Office Branch:-

13) (a) Typist - The pay of the ~~ty~~ typist is progressive now viz. 25-1-30. and it is proposed to have fixed pay of Rs 30/- for this post.

(b) The pay of the Receipt, Issue and Works clerks ~~has~~ been proposed to be reduced from Rs 20/- to Rs 17/- as the ~~appointments~~ duties of the appointments said to be are purely mechanical and as there are no appointments on Rs 17/- in this Branch while there are six appointments on that pay in the Proof Branch.

(c) The appointment of an additional hand called ~~leave~~ Leave clerk to attend exclusively to the growing work connected with the leave applications of

the Fixed, Working and Piecework establishments is also proposed. The proposed pay is Rs 20/-.

(d) ~~Accounts~~ The pay of the cashier (Rs 40) and the Valuation Accountant (Rs 35) is proposed to be enhanced to Rs 50/- and Rs 45/- respectively, in view of the importance of the work of the former and the increase of work of the latter.

(e) The Binders' Accountants' pay is proposed to be raised to Rs 35/- so as to bring it into line with that of the Compositors' and pressmen's Accountants.

(f) The gazette clerk's pay is proposed to be raised from Rs 35/- to Rs 40/- ~~owing~~ to ~~the~~ the increase in his work.

(g) The Asstt. gazette clerk's pay is proposed to be reduced from Rs 30/- to Rs 25/-: No reason is given for this change.

(h) The pay of the Asstt. Store-keeper is proposed to be converted ~~into~~ from a progressive pay

22) I have discussed the proposals with the Deputy, Govt Printing. I pointed out to him that it is not desirable to fix the revised scale of pay (Price) at the maximum of the present grade of pay & in some cases, to fix the revised pay, proceeding for one increment of Rs 10, which has the effect of not only increasing the Cost but also give scope for the incumbent to complain

about not getting any promotion after a few years. He was agreeable to two increase scale of pay being adopted in such cases. In deserving cases, where some relief is called for, on account of the incumbent having on the same pay for some years, one or two advance increments may be given at the time of allocation. The following suggestions are made on the basis of discussion :-

23) As regards the branch press, the extra cost is mainly due to the additional appointments in the staff on account of increase of work, enlargement of the scheme & certain revising lists. The cost of the additional appointments works out to Rs 3-12- per mensem, while that for revision of grades for the existing staff is Rs 11-12-. Besides, the temporary staff of machine minders & Binders (13 in all) sanctioned in G.O dated 15th Feb 23 &, pending orders on the reorganisation of the Dept (vide linked file)

is proposed to be made permanent. There is no point in keeping this staff on a temporary basis, when the increase of work is permanent. The additional appointments of Foreman on Rs 35-1-40, Type Clerk on Rs 17, Proof reader on Rs 17 & one Compositor on Rs 11 may be sanctioned, as also revised grades of pay in the following cases:-

Senior Foreman:-	45-2-55-	(Existing 40-2-50)

Type caster & mechanic	20-1-25	(22)

25) In fixing the revised rates of pay, overlapping grades for the same class of appointments should be eschewed except when for purposes of practical application they cannot be avoided. The biennial increment of As 2-8-0 (involving also the fraction of a rupee) has to be avoided. Keeping these points in view, slight revision appears to be necessary in some cases as noted in the margin. (Note margin as per Devp Dept's note) The additional establishment proposed

ments that the revised proposals have resulted in an extra expenditure of Rs.59-3-7 per mensem or Rs.710-11-0 per annum as against Rs.85-8-0 per mensem or Rs.1,026/- per annum for the Central Press.

29) The temporary establishments sanctioned for the Government Branch Press in Government Order No.G.6509-10/P. & S.43-37-2, dated 15-2-38 as well as the additional hands proposed for certain other Branches in the permanent establishment are shown as temporary as proposed by the Financial Secretary to Government. With these additions and alterations the extra cost will be Rs.11-12-0 per mensem or Rs.141/- per annum in the permanent establishment and Rs.83-12-0 per mensem or Rs.1,005/- per annum for the temporary establishment.

30) It may be submitted in this connection that as two big Railway lines have been taken over by Government, the work of supplying forms to the Railway Department will go on increasing if anything and there seems to be no advantage in keeping the additional establishment sanctioned for the purpose in the Branch Press, on a temporary basis. The Railway Department have even after a year's working not been able to standardise their requirements and are sending supplemental indents which have to be dealt with by pooling the resources

49) If the revision now proposed in the light of my note dated 13th December 1938 is considered necessary, sanction to give effect to it can only be accorded after making provision for it in the Budget of the coming year. It is however seen that it is proposed that in view of the accession of the new lines to the Railway Department, the work attended to by the Branch Press at Mysore has increased and that in view of the supplementary addition, it is necessary to treat the whole establishment as permanent. I however think that the period of one year which has elapsed since the lines were taken over is too short an interval to permit us to think that work will necessarily stand at the intense pressure at which it had had to be undertaken at the time of the resumption of lines. It is best to allow this establishment to continue on a temporary basis for the next two years and judge the results in the light of experience gained. The Railway Revenue -- like the proverbial results of the Agriculture depending on rain -- is largely fluctuating and the demand for forms will be affected by the requirements of traffic. In this view also, it is not desirable to make this establishment permanent and commit Government to recurring pension charges later.

NOTE ON THE REVISION OF THE ESTABLISHMENT OF THE CENTRAL PRESS.

--:oOo:--

58 The Office Branch of the Central Press consists of four sections, viz., Correspondence, Accounts, Gazette and Stores. The work in all these sections has increased with the growth of work in the Press. In the Correspondence Section one additional clerk on Rs.20/- per mensem has been provided to deal with the question of leave of the Piecework and Working Establishments consisting of 247 hands for whom separate sets of leave rules have been sanctioned in Government Order Nos.G.1755-6/P.& S.67-24-6, dated 12-9-1925 and G.8015-6/P.& S.53-30-2, dated 29th January 1931. Though the work has increased, no staff has been provided for the purpose on the establishment so for. Hence the necessity for a leave clerk.

59 In the Accounts Section, the post of the Head Accountant carries a pay of Rs.55/- plus 5 P.A. This is converted into a graded appointment, viz., Rs.50-2-60. Though this does not affect the present incumbent, it will be an incentive to future incumbents and the average cost will also be reduced by Rs.2-8-0 per month. The work in the Accounts Branch has enormously increased and one Head Accountant and one Cashier cannot cope with the work. An additional post of Accountant, which is very necessary is proposed on Rs.45/- per month. There are nine posts of Valuation Accountants on pay ranging from Rs.20 to 35/-. As it is contemplated to introduce Cost Account System, the grades of these Accountants, whose designation is changed as Computers are a little improved and made even. Against nine posts of Accountants ten posts of computers are proposed. This has resulted in an extra cost of Rs.45/- per month.

60 The Gazette Branch now consists of one Gazette Clerk, one Assistant Gazette Clerk and one Gazette Accountant.* The work in this branch has grown very heavy as the matter to be

*. Not included in the proposition statement under present Scale

be published in both the English and Kannada editions is on the increase. The work involved in sending bills to Paying Departments and Local Bodies has increased and the slackness in this direction has been pointed out during local audit on several occasions. With a view to arrange the work of this branch on a satisfactory basis, an extra Assistant Gazette Clerk on Rs.25/- per mensem is proposed.

61 The pay of the post of Store-keeper viz. Rs.60/- seems to be high considering the quantity of work transacted in the Stores. Hence it is reduced to Rs.45/- resulting in a saving of Rs.15/- per mensem.

62 With these changes, the number of hands in the Office Branch will be raised by 5 and the cost will increase by Rs.137-8-0 per month.

63 PROOF-BRANCH:- There is not much alteration proposed in the scales of this branch. The pay of the Attender is raised by Rs.2/- and an additional attender on Rs.12/- is proposed, as one man cannot attend both to the despatch of proofs to outside offices and the carrying of the proofs to and from the Composing branches. Two additional posts of Examiners one on Rs.40/- and another on Rs.35/- are proposed as their services are required in connection with the Text Book printing, which will be concentrated at the Government Presses in future. These changes involve an additional cost of Rs.89/- per mensem.

64 DESPATCHING BRANCH:- This branch consists of eight clerks and ten packers and counters. In order to make suitable arrangements for the forms distribution, a separate branch known as the Forms branch was constituted some years back, by drawing men from other branches. This arrangement has not been found satisfactory as the work in other branches suffers. As recommended by the Press Committee and in accordance with the system in vogue at the Madras

Madras Government Press, a separate forms unit has to be organised under the Superintendent, Government Printing on suitable scales of pay. In order to minimise cost as far as possible, the Despatching branch is enlarged into a Forms section with the sub-division of a Despatching section, resulting in one extra hand and an increased cost of Rs.87-4-0 per mensem. The ministerial head of the Forms Branch should be a responsible official as he has to control the Forms Branch with the Despatching Section, attend to correspondence, valuation and bills to Paying departments and see to timely supply of forms and registers as per rotation list and extract work from the men under his charge. Therefore, the pay of the Senior Forms Clerk is proposed at Rs.45-3-60/-.

65 COMPOSING BRANCH:- The pay of the Senior Foreman is proposed to be raised from Rs 50-2-60 to Rs 50-5/2-75, commensurate with the responsibility involved. He will have seven Composing Foremen under him controlling different sections and his status will have to be suitably raised. Hence the necessity to increase the grade. The Standing Room of Forms ~~and~~ etc., should have a Care-taker and an Assistant to him. Therefore, two new posts are included one on Rs.20/- and another on Rs.15/-. The total extra cost of this branch will be Rs.43-12-0 per month.

66 PRINTING BRANCH:- The pay of the Machine Foreman is reduced to Rs.50-5/2-75 to be on a line with that of the Senior Composing Foreman. With the taking over of all Text books and the installation of new printing machinery, the work of this branch will considerably increase. The services of a good Mechanic will be required to look after the up-keep of the complicated machinery for which orders have been placed. Hence the post of a Senior Mechanic is proposed at Rs.40-3-55, with the help of the other Mechanic, he will be able to attend to the repairing of the parts, etc.,

and the up-keep of the complicated machinery in good working condition. The Assistant Machine Foreman's pay is proposed to be reduced to Rs.35/-, since the important duties of repairs and up-keep of machines will be looked after by the Senior Mechanic proposed. The posts of Assistant Machanic and Galley Pressman are abolished and the pay of the Machine Clerk is raised from Rs.15/- to Rs.17/- as the present pay of Rs.15/- is considered to be very low for the work to be discharged by him. After these changes, the cost of the branch will be reduced by Rs.7-8-0 per mensem.

67 BINDING BRANCH:- The grade of the Binding Foreman remains the same, but the increment is made biennial as in the case of the Composing and Printing Foremen. The post of one binder on Rs.20/- is abolished and the post of Assistant Ware House Clerk is proposed. These will result in a saving of Rs.18-8-0 on this branch.

68 LITHO BRANCH:- The post of one Baller on Rs.15/- plus 2, is proposed to be abolished.

69 TYPECASTING AND MONO BRANCH:- These two branches now consist of 16 hands. As Hand casting has given place to machine casting and as one more Mono casting and one Super casting machine have been added, it has become possible to reduce the strength to 13 hands, resulting in a net saving of Rs. ~~100-4-0~~ 96-4-0 per month. These ~~four~~ three men will be absorbed in other branches where necessity is felt for increasing the staff.

70 MISCELLANEOUS BRANCH:- At present there is only one Gate-keeper to keep vigilance over the ingress and egress of people. The present scale of Rs.30-1-35 seems to be too high as the Gate-keeper will be eligible for some overtime allowance. Hence it is reduced to Rs.20-1-25 resulting in a saving of Rs.10/- per mensem. Experience has shown that

that there is a necessity for an Assistant Gate-Keeper to keep watch at the rear gate, where the employees will have access to the back-yard of the Press. Hence the post of an Assistant Gate-keeper on Rs.15-1-20 is proposed. The net increase in this branch will be only Rs.8-12-0.

11 MENIAL BRANCH:- An intermediate scale on Rs.15/- between Rs.13/- and Rs.17/- is proposed to create a uniform flow of grades. The number of peons is raised by three on a minimum pay of Rs.11/- each, as they are required to attend on the three Sub-Assistant Superintendents, ~~who will be appointed shortly~~. With the small changes referred to and the addition of three hands, the extra cost per month will be Rs.37/-.

12 GENERAL:- The present revision proposals have been made taking into consideration only the minimum needs of the several branches, so as to improve efficiency in those branches. Drastic cuts have been proposed wherever possible and the extra cost kept down to minimise expenditure. These proposals also provide for three responsible positions on a uniform scale in the three main working branches, viz., Composing, Printing, and Binding for being filled up by the three Junior Probationers after they complete their period of probation. The revision has resulted, on the whole, in an increase of nine hands and an extra cost of Rs.265-4-0 per mensem or Rs.3,183/- per annum. Government may be graciously pleased to view the proposals favourably and sanction them early.

NOTE ON THE REVISION OF THE ESTABLISHMENT OF THE GOVERNMENT BRANCH PRESS, MYSORE.

--:oOo:--

73 The revision of the establishment of the Branch Press was last sanctioned in Government Order No.G.1532-3/P.& S.7-30-3, dated the 6th August 1930. During the period of nine years that has elapsed, the work of the Branch Press has considerably increased owing to the developed activities of the various departments of the State and particularly of the Railway Department. The resumption of the Bangalore-Harihar and Bangalore-Hindupur Sections at the beginning of the year 1938 has doubled the printing requirements of that department. The printing work of the Education Department including the Text books has also been on the increase and it ~~is under~~ has been ~~contemplation of~~ approved by Government to concentrate all Text-book printing at the Government Presses. With a view to improve the efficiency of the Press, it is proposed to introduce cost account system, so that the work of the men may be scrutinised, economy in production effected and wastage avoided. With a view to cope ~~up~~ with the growing volume of work and speed up production, the establishment has to be suitably expanded. Hence, the necessity for the modification of the revision already proposed with this office letter No.P.1249, dated 21st September 1938.

74 The strength of the permanent and working establishments of the Branch Press consists of 85 hands and including the additional establishment of 13 hands sanctioned in Government Order No.G.6509-10/P.& S.43-37-2, dated 15th February 1938 for Railway work, the total comes to 98. A further addition of 22 hands is proposed and taking into account the six hands reduced in the Composing department, the total strength after the revision works out to 114 for reasons fully explained below.

75 SUPERVISION BRANCH:- At present, there are only two Foremen and the work is too heavy for them. At least one Foreman for each of the Composing, Printing and Binding branches is required and the General Foreman has to look after and co-ordinate the work of all the three branches of the Press. The services of one of the Foremen is also proposed to be partly utilised in connection with cost account work. Hence, the grades of the existing two Foremen are suitably raised commensurate with the increased responsibility and two extra Foremen are proposed on Rs.35-1-40 each. The total extra cost of this branch will be - Rs.87-8-0 per mensem. But the cost of the two extra Foremen's posts will be set off by the reduction effected in the Composing Branch.

76 OFFICE BRANCH:- Two extra hands, one Computer on Rs.25/- and a Fifth Clerk on Rs.17/- are proposed at an increased cost of Rs.42/- per mensem. These two hands are absolutely necessary to cope with the increased work devolved on the Office and also to maintain accounts connected with the cost account system.

77 PROOF BRANCH:- No drastic change has been proposed in this branch. Increments have been proposed in two deserving cases at Rs.2/- and Re.1/- respectively, and one additional Reader on Rs.17/- is proposed, resulting in a total increase of Rs.20/- per mensem.

78 MISCELLANEOUS BRANCH:- The Store-keeper is getting Rs.30/- plus 3 P.A. for the last several years and in view of the responsible nature of work, his pay is proposed to be raised to Rs.35/-. An additional post of Assistant Store-keeper and Paper Clerk on Rs.15-1-20 is proposed as the work for one Store-keeper is too heavy and as it is being insisted in local audit that detailed Paper account has to be maintained as is being done at the Central Press.

The Type Caster has also to work as Mechanic and the post is converted into a graded one on Rs.20-1-25. One post of Despatcher on Rs.17/- and another of Counter on Rs.11/- are proposed to be added in this branch. With these changes, the extra cost will be Rs.50-8-0.

79 MENIAL BRANCH:- As a new post of a Gazetted Assistant has been sanctioned for the Branch Press, as there is all round increase of work, the menial establishment has to be suitably strengthened. Hence two additional peons have to be entertained at an extra cost of Rs.24/- per mensem.

80 COMPOSING BRANCH:- The Composing branch (including permanent and newly-made permanent establishments) at present comprises of 31 hands. It is now proposed to be limited to 25 hands only. There will thus be a reduction of six hands, resulting in a decrease of Rs.134/- per mensem. It is desirable to have more men on Piecework system and reduce the strength of the Composing branches. (permanent staff. This will help to increase efficiency in the) Additional hands on Piecework will be entertained as and when required.

81 MACHINE BRANCH:- The strength of this branch consists of 12 hands. An additional establishment of six hands has been sanctioned, pending revision, in Government Order No. G.6509-10/P.& S.43-37-2, dated 15th February 1938. A temporary establishment of three hands has also been sanctioned till the end of June 1940, in Government Order No. G.13323-4/P.& S.21-38-5, dated 29th June 1939. In addition to these, four extra hands are proposed in connection with the Text-book printing. For Railway work, six hands have been sanctioned in the first Government Order referred to above. The three hands referred to in the second Government Order are for handling the double demy machine purchased last year. For text book printing, a double demy machine and a treadle are proposed to be purchased and to handle these two machines at least four hands ~~have to~~ be

are necessary. As the several items of work referred to have to be executed year after year and as the machines are permanent addition to the Press, the men to work these machines have also to be permanently entertained and not on a temporary basis. Only the minimum additional strength is proposed, which may be kindly sanctioned. The extra cost for the 13 additional hands will be Rs.190/- per mensem.

§ 2 BINDING BRANCH:- This branch consists of 19 hands and including the additional establishment sanctioned in Government Order dated 15-12-1938, the total strength comes to 26. As the machine branch is proposed to be strengthened on account of text book printing, the binding branch has also to be proportionately strengthened. Hence, five additional hands are proposed, raising the strength to 31. The extra cost on this account will be Rs.84/- per mensem.

§ 3 CONCLUSION:- As will be seen from the abstract put up, the revision involves an additional cost of Rs.498/- and taking into account the saving of Rs.134/- in the Composing Branch, the net extra cost will be Rs.364/- per mensem or Rs.4,368-0-0 per annum of which (Rs.110/- plus 50 per month or Rs.1,920/- has already been sanctioned). The extra cost may be allocated for different items of work as follows:-

For handling increased Railway Work.		Rs.	148-12-0
For increased Text Book Printing.		"	219-12-0
Cost Accounts.	..	"	42- 0-0
General.	..	"	87- 8-0
			498- 0-0
Savings in Composing Branch.	..	"	134- 0-0
Net extra cost.	..(pen mensem)	"	364- 0-0

§ 4 From the above explanations, Government may be graciously pleased to see that taking into account the all round increase of work at the Branch Press, the minimum

minimum increase of hands in the several branches has been proposed at the barest minimum cost and large savings have also been effected where possible. The proposals are submitted for sympathetic consideration and favour of sanction early.

118 Raising the strength of 26 hands to 31 has been proposed. Extra cost comes to Rs 84/- p.m. (10)

119 These revised proposals involve net extra cost as detailed below:-

1) Central Press, Bangalore
Rs 265-4-0 p.m. or Rs 3,183/- p.a.

2) Branch Press, Mysore -
Rs 364/- p.m. or Rs 4368/- p.a.

120 In para 60 above the Supdt. Govt. printing states that there is now one Gazette Accountant. But this post is not included in the proposition stt. (now included in the proposition) If this post is taken into account there will not be an increase of 4 hands as stated by him in para 62 but of only 1 hands & there will be reduction in cost by Rs 20/- p.m. As per proposition stt verified by the Comptr this post is to be created now & the cost on that account has been included. Therefore the Supdt's statement requires verification.

Serial No.

121 As regards the abolition of certain posts, the Supdt says in para 69 that the three men thrown out of the Typecasting Mano Branch will be absorbed in other Branches where staff is increased. But he is silent as regards men thrown out from Printing Br (2), Binding Br (1) & Litho Br (1) of the central press & Composing Br (6) of the Branch press. All these men on the permanent estt have also to be provided wherever they can be utilised in the presses after the revision.

This will have to be done by us

123 The menials to be appointed after the revision are proposed* to be given Rs 11/- each in the central press & Rs 12/- each in the Br press. No reasons have been adduced for this differential treatment. They may all be given perhaps Rs 11/- each which will lessen the extra cost by Rs 24/- per year. All the other menials in the Br press are getting Rs 12/- & perhaps it is for this a pay of Rs 12/- is proposed for the new men But Bangalore being costlier, the new posts for the central press will have to be given at least Rs 12/- when there will be an extra cost of Rs 36/- per year.

(*vide paras 71 & 79)

30/4/40 124. On the whole 16 hands will have to be entertained & 7 retrenched in the central press of 35 hands appointed & 6 thrown out in the Branch press according to the present proposals.

141 These proposals involve permanent additions to recurring expenditure to the extent of about Rs.7,500 per annum, and there is no provision for the purpose in the current year's budget. Though I realise that some increase in the present sanctioned strength is necessary to deal with the increase in work, particularly that relating to the printing of the Educational books, the increase in staff now asked for appears to me to

be rather extravagant and is, in my opinion, capable of reduction. I have therefore indicated some modifications in the comparative statement put up. The minimum additional staff required may, for the present, be sanctioned for an year or two. After all we cannot altogether eschew contemplating the possibility of the work connected with the printing of Educational books being reduced when the work is standardised. The extra cost during the current year has to be met by reappropriation to the largest extent possible.

NOTE—Contn. Sheet.

Final Note by the Second Member of Council.

Subject.— Revision of the establishment of the Government Presses.

160) The work in the Government Presses has greatly increased in recent years owing to the increased activities of the various departments of Government, particularly of the Railway Department after the resumption of the railways. Moreover the printing of educational text-books in the Government Presses has been ordered, as also the introduction of the costing system.

164) With a view to cope with the growing volume of work and to speed up production, the Superintendent, Government Printing has sent up proposals for the revision of the establishment of the Presses, involving a recurring expenditure of Rs 7,500/- per year. The Financial Secretary has suggested certain modifications and is of opinion that the minimum additional staff required may, for the present, be sanctioned for a year or two pending standardisation of the work of printing educational books. It is proposed to sanction for a period of two years the modified proposals involving a temporary extra cost of Rs 3,200/- per year.

165) The Dewan and the First Member of Council have agreed to this and I solicit the gracious sanction of His Highness to the proposals.

To

M. VENKATANARANAPPA, ESQ., B.A.,
Secretary to Government,

BANGALORE.

SIR,

In modification of this office letter No. P. 1823, dated 13th December 1937, submitting proposals for the revision of the Establishment of the Government Central Press, Bangalore, for favour of sanction, I have the honor to forwadd herewith modified proposals and to state as follows:-

In view of the heavy extra cost involved in the original proposals submitted to Government for sanction with the above letter, the additions, alterations, etc.,of scales proposed in the various branches have been minimised to keep the extra cost as low as possible and increases and additional appointments have been proposed only where they are necessary to remove existing anamolies or where the increase of work or new items of work have made it necessary.

The existing gaps between certain grades in the Office and Proof branches have been bridged by slight alterations in the scale of pay with a view to make each branch self-contained and ~~cover~~ secure an even flow of grades so that the officials working therein may look for promotion in their respective branches and not aspire to vacancies in other branches for which they are not fitted. In doing so, the pay of the Receipt, Issue and Works Clerks in the Office Branch has been reduced from Rs. 20/- to Rs. 17/- as the duties of the appointments are purely mechanical and there are no appointments on Rs. 17/- in the Office Branch while there are six appointments on that pay in the Proof Branch. The number of such appointments in each branch has now been equalised.

The Cashier's duties are growing more and more important. It is necessary to insist that the official should pass the Accounts (Higher) Examination. He has also to furnish a cash security. His pay is, therefore, proposed to be raised from Rs. 40/- to Rs. 50/- so as to make it commensurate with the duties and responsibilities of the appointment. The Valuation Accountant's work is also increasing and growing more important. He has to value and estimate cost of all works received for such information, he has to prepare the monthly Abstracts of work and expenditure (Statement III of the Annual Report) month by month, and he has to supervise all the work done in the section, viz:, preparation of bills to Paying Departments for printing work and forms, valuation of matter published in the Gazette for local bodies. The number of bills issued for printing works and forms amounts to 937 aggregating Rs. 33,419-0-0, and the number issued to local bodies for Gazette publication is 205, aggregating Rs.5,048-0-0 during 1937-38. He has, moreover, to work on a complicated machine, viz:, the Comptometer which is in use in this office for the last ten years and which facilitates the calculations of the totals of the various statements prepared in the Press for Administration Report and Statistical purposes, as well as the Piece Work vouchers. All these duties entitle him to an increase of pay and his pay is therefore proposed to be raised from Rs. 35/- to Rs. 45/-. The increase of pay in these two cases, viz: the Cashier and the Valuation Accountant have also served to bridge the large gulf that existed between the Head-Accountant's place on Rs. 55/- and the next place, viz:, the Cashier's place on Rs. 40/-. The Binder's Accountant's pay is proposed to be raised from Rs. 30/- to Rs. 35/- so as to bring it into line with that of the Compositor's Accountant and the Pressmen's Accountant, as their duties are equally responsible and equally arduous. The Gazette Clerk's work has also increased in volume and responsibility. He has to supervise the work of the Gazette Section, scrutinise the matter to be published, keep the registers of subscription and advertisement charges up-to-date, maintain a cash book for money

money, received in the Section from outside subscribers, issue and watch the adjustment of bills to local bodies for Gazette publications. It is, therefore, necessary to raise his pay from Rs 35/- to Rs 40/- in view of the increase of work that has occurred. These changes will help to bring the grades in the Office branch on a level with the pay of the Proof Examiners and Readers of the Proof Branch, so that the officials of both branches, which are sufficiently big to be self-contained units, may work contentedly in their own branches. The Proof Branch contains 31 officials. The Office Branch containing 22 officials and the Despatching Branch containing 8 officials or 30 in all may be clubbed together for purposes of promotion as the nature of work done in the two branches is mere clerical than technical and work in one branch trains and fits a man to work in another. Only one additional post, viz:, a leave clerk on Rs 20/- has been proposed in the Office Branch. This is found quite necessary as a clerk has to attend exclusively to the growing work connected with the leave applications of the Fixed, Working and Piecework Establishments which are subject to different sets of leave rules and to maintain the leave ledgers which are subject to Local Audit. The work is of a responsible nature and a whole-time clerk is required to attend to it. With these additions and alterations, the extra cost in the Office and Proof branches will be Rs 52-8-0 and Rs 24-0-0, respectively.

The progressive pay now held by the Typist and the Assistant Store-keeper in the Office Branch and the Head and Assistant Despatchers of the Despatching Branch has been converted into fixed pay in view of the fact that the incumbents holding these appointments can look forward for promotions in the Office Branch. In the technical branches on the other hand where the incumbents have no chance of getting promotion except in their own line and have to draw the same pay for a number of years, the progressive pay has been retained.

The cases of officials who were not working according to their designation have, as far as possible, been regularised by

58

by adjusting the scale in the different branches so as to fix up the men and make them work according to their designation.

The installation of the Super Caster Machine in the Mono Branch has necessitated the creation of a new appointment of a Caster to work on this machine. It is a complicated machine requiring many adjustments in view of the fact that it can cast not only type but leads, rules, furniture and quotations. An additional caster with a fairly high pay, viz; Rs. 25-2-35 has therefore been proposed in this Branch to work on this machine. The slight increase on this account is set off by the abolition of one appointment of Assistant Caster on Rs. 11/- in the Type Casting Branch.

The pay of Assistant Binder on Rs. 40/- in the Binding Branch has already been converted into a progressive pay of Rs. 35-1-40 in G.O. No. G. 8590-1/P. & S. 8-37-61, dated 26-4-1938.

While re-allocating the men into their respective revised grades to make them work according to their designation, it has been found necessary to grant a personal allowance of Rs. 5/- to the proposed incumbent designated as Gate-keeper as he has already been drawing Rs. 40/- in grade Rs. 30-2-40 in the Mono Branch. This is only a temporary increase which will be minimised at the earliest oppertunity by the absorption of the official in other branches.

The Revised proposals involve only an additional expenditure of Rs. 88-4-0 per month or Rs. 1,059-0-0 per annum as against Rs. 194-8-0 per month or Rs. 2,334-0-0 per annum originally proposed. I therefore request that the Revision proposals submitted herewith may be sympathetically considered and passed in their entirety. They may be ordered to be given effect to from 1st July 1938.

Modified proposals for the Revision of the Establishment of the Government Branch Press, Mysore, will be submitted separately at an early date.

I request that under the circumstances, the original proposals for the Revision of both the Government Presses submitted

59)

submitted by this office may be kindly caused to be returned for reference in this office.

I have the honor to be,
Sir,
Your most obedient servant,

P. Venkatasubbarao

SIR,

In continuation of this office letter No.P.361, dated 26th July 1938, forwarding the Revision Proposals of the Permanent Establishment of this office for favour of sanction, I have the honour to state that the following corrections have been made in the statements as pointed out by the Comptroller:-

1. In the Binding Branch, the appointment of Assistant Binder on Rs.40/- in the existing scale has been converted into one of Rs 35-1-40 as sanctioned in Government Order No.G.8590-1/P.& S.8-37-61 dated 26-4-1938. Thus the savings of Rs.1-4-0 shown against this item has been deleted.

2. In the Mono Branch, the personal allowance of Rs.4/- shown against the proposed scale of one of the Casters has been deleted as the permanent incumbent has been retired from service from 1-7-1

3) The personal allowance of Re.1/- which was left out against one of the Sweepers on Rs.11/- in the Menial Establishment has since been added.

With the above additions and alterations, the average cost works out to Rs.4,018-8-0 resulting in excess of Rs.85-8-0 per mensem or Rs.1,026-0-0 per annum.

I have the honour to be,
Sir,
Your most obedient servant,

With reference to your un-official Note dated 15th December 1939 forwarding modified proposals along with explanatory notes in respect of the revision of the establishment of the Central Press, Bangalore and the Branch Press, Mysore, I am directed to make the following observations and to request you to furnish your remarks on them.-

Establishment of the Central Press, Bangalore.

1. In para 3 of your note it is stated that there is now one Gazette Accountant, but this post is not included in the existing scale of the proposition statement or in the budget. If this post is taken into account there will not be an increase of 5 hands as stated by you in para 5 of your note but of only 4 hands and there will be reduction in cost by Rs.20/- per mensem As per proposition statement verified by the Comptroller this post is to be created now and the cost on that account has to be included.

2. As regards the abolition of certain posts, as stated in para 13 of your note, it is stated that the three men thrown out of the Typecasting and Mono Branch will be absorbed in other Branches where staff is increased; but your note is silent re: men thrown out from Printing Branch (2) Binding Branch(1) and Litho Branch (1) of the Central Press and Composing Branch(6) of the Branch Press. It is not clear if these men on the permanent establishment will also be provided for whenever they can be utilised in the Presses after the revision.

3) The menials to be appointed after the revision are proposed

proposed to be given Rs. 11/- each in the Central Press and Rs. 12/- each in the Branch Press Vide para 15 & 23 of your note and no reasons have been adduced for this differntial treatment.

FROM

B. KRISHNASWAMY CHETTY, ESQ., B.E., A.R.P.S., M.A.S.M.E.,
SUPERINTENDENT, GOVERNMENT PRINTING,
BANGALORE.

To

The Secretary
to the Government of Mysore,
Development Department, BANGALORE.

SIR,

With reference to your letter No.A.F.6157/p & s 21-38-6 dated the 9th instant, requesting to be furnished with my remarks on the observations made in respect of the modified proposals for the revision of the Establishment of the Central Press, Bangalore, and the Branch Press, Mysore, submitted with this office un-official note dated 15th December 1939, I have the honour to reply to the several observations as follows:

OBSERVATION	REPLY.
1. In para 3 of your note, it is stated that there is now one Gazette Accountant, but this post is not included in the existing scale of the proposition statement or in the Budget. If this post is taken into account, there will not be an increase of 5 hands as stated by you in para 5 of your note, but of only 4 hands and there will be reduction in cost by Rs.20 per mensem. As per proposition statement verified by the comptroller, this post is to be created now and the cost on that account has to be included.	Kind reference is invited to the proposition statement submitted to Government with my un-official note, dated the 15th December 1939 It will be seen therefrom that the office branch is divided into several sections and in the present scale the post of one Gazette Accountant on Rs.20/- is shown against the Accounts Section of the office Branch. But in the proposed scale, a post of computor on Rs.20/- which is extra, is shown against it. The post of Gazette Accountant on Rs.20/- has therefore been transferred from the Accounts section to the Gazette section proper. Paras 1 to 5 of the un-official note dated 15th December 1939, deal with the office Branch and the increase of 5 hands in the proposed scale against the existing scale corresponds with the increase of 5 hands in the office Branch. The Five hands increased in the proposed scale are 1 leave clerk (Rs.20/-), 1 Accountant (Rs.45.) two computors (Rs.40 and 20) and one Asst. Gazette clerk (Rs.25)
2. As regards the ~~addition~~ abolition of certain posts as stated in para 13 of your note, it is stated that the three	Provision has been made in the proposition statement to absorb the thrown out hands in suitable places where the posts in other

men thrown out of the type casting and Mono branch will be absorbed in other branches where staff is increased, but your note is silent regarding men thrown out from Printing Branch (2) Binding Branch (1) and Litho Branch (1) of the central press and composing branch (6) of the Branch Press. It is not clear if these men on the permanent Establishment will also be provided for whenever they can be utilised in the Presses after the revision.

sections have been increased. This has been kept in view in submitting the revision proposals to Government.

3. The menials to be appointed after the revision are proposed to be given Rs.11 each in the Central Press and Rs.12/- in the Branch Press. Vide para 15 and 23 of your note and no reason has been adduced for this differential treatment.

In the existing scale of the menial Establishment of the Central Press, Bangalore, the lowest scale for peons is Rs.11/-. In para 14 of the unofficial note against the Menial Establishment, the necessity for the increase of 3 peons on Rs.11/- has been explained. Since the peons to be newly recruited are to be appointed on the lowest scale of pay existing in the Menial Establishment of the Central Press, the scale of Rs.11/- has been proposed for them. All the peons borne on the Establishment of the Branch Press according to the existing scale are drawing Rs.12/- each and no reduction has therefore been proposed in the case of the extra peons.

In view of the discrepancy pointed out, the question of having uniform grades for peons at Bangalore and Mysore may kindly be reconsidered, and the lowest grade of peons at Bangalore being raised to Rs.12/- in view of the higher cost of living at Bangalore.

I have the honour to be,

Sir,

Your most obedient servant,

ORDER No. AJ 1904-5/prs 21-38-8

Dated, Bangalore, 28th Sept~~October~~ 1940.

In view of the increased work due to the concentration of the printing of educational text books at the Government Presses, as also to the introduction of the costing system in accounts and the resumption of the Railways, the Superintendent, Government Printing has submitted proposals for the revision of the establishment of the Presses.

Government agree that some increase in the present sanctioned strength is necessary to deal with the increase in work and are pleased to sanction the revision as indicated in the annexure, besides placing on a permanent footing the temporary staff sanctioned in the Government Order dated 15th February 1938 read above.

The additional staff indicated in italics in the annexure is sanctioned for a period of two years by which time the printing of text books is expected to be standardised and the exact requirements gauged.

The extra cost during the current year will be met by re-appropriation to the largest extent possible from the grants made to the Presses.
